During that period to time, ABC has provided Supplemental Educational Services (SES) in a systematic and professional manner to over 1800 students. ABC Phonetic Reading School Inc. is the largest provider of tutoring services in our district. We attribute the success of ABC to their program, administration, teachers; as well as one on one, and small group instruction.

ABC Phonetic Reading School Inc. post tested 237 students in the Cartwright School District in the 2011-2012 School Year.
